TF01-017, Rentz Park Development

On October 9, 2015, we sent a letter to you (copy attached) and attachments to your community requesting your assistance in completing a self-certification inspection of your Michigan Natural Resources Trust Fund, Land and Water Conservation Fund, Recreation Bond, and/or Clean Michigan Initiative grant-assisted lands.

As of today, we have not yet received those completed forms from your community. It is imperative for the integrity of the programs that we have documented inspections every five years. **Therefore, we are sending this letter to remind you this information is past due**.

Failure to complete and return these forms could reflect in the score of future applications from your community for these programs. Also, in an effort to fulfill these inspection requirements, the Department of Natural Resources (DNR) is requiring inspection forms to be submitted when you send us five-year recreation plans. While we realize that initially this may lead to some duplication, it will assure that we are able to stay up-to-date with these inspections.

PLEASE REMEMBER TO INCLUDE A PHOTOGRAPH OF YOUR RECOGNITION SIGN AND EACH SCOPE ITEM (FOR DEVELOPMENT GRANTS) WITH THE FORM.

If you have any questions, please contact me at the telephone number or email address listed below. Our mailing address is: **Grants Management, Department of Natural Resources, P.O. Box 30425, Lansing, MI 48909-7925**.

Sincerely,

You are receiving this letter and attachments because your local unit of government has received funding from one or more of the following grant programs administered by the Department of Natural Resources (DNR):

- Michigan Natural Resources Trust Fund (MNRTF) Program
- Land and Water Conservation Fund (LWCF) Program
- "Protecting Michigan's Future" Recreation Bond (BF) Program
- Clean Michigan Initiative (CMI) Grant Program

ACTION REQUESTED:

The DNR is required to have inspections completed of grant-assisted sites every five (5) years. The purpose of these inspections is to verify the following items:

- The land encumbered for public outdoor recreation has not been converted to another use.
- The land is open to the public and well-maintained.
- A recognition sign for the program that provided funding is present on the land (not a requirement for Recreation Bond Fund grants).

These are commitments that each Grantee made when signing the project agreement.

PLEASE INCLUDE A PHOTOGRAPH OF YOUR RECOGNITION SIGN AND EACH SCOPE ITEM (FOR DEVELOPMENT GRANTS) WITH THE FORM. We appreciate your efforts and will note your compliance with this request when evaluating and scoring future grant applications.

If you have any questions, please contact me at the telephone number or email address listed below. Our mailing address is: **Grants Management, Department of Natural Resources, P.O. Box 30425, Lansing, MI 48909-7925**.

Dear Mr. McDonald:

We have examined the summary statement of project costs of the City fo Warren, Park Improvements project, Protecting Michigan's Future Recreation Bond Grant No. 90-071 for which state funding assistance is authorized pursuant to Michigan's Recreation Bond Implementation Act, P.A. 329 of 1988 and Recreation administrative rules promulgated thereunder.

Our examination was made in accordance with generally accepted governmental standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, except for the adjustment noted, the accompanying summary statement of project costs presents fairly the total cost applicable to the grant and the amount due the City of Warren in accordance with the financial provisions of the grant.
